## Data sheet

<div align="right">

**6XV1801-5DH20**

</div>

| product type designation | **Power Connecting Cable M12-180/M12-180** |
|---|---|
| product description | Flexible plug-i...able outl001 |
| | Power connecting cable M12-180/M12-180 for the power supply of the ET 200, pre-assembled cable with M12 plug and M12 socket, A-coded, 4-pole, 2.0 m. |

| | |
|---|---|
| suitability for use | Plug-in cable for connecting 24 V power supply to ET 200 & XP-200 with IP 65/67 degree of protection |
| cable designation | LI9YH-Y 4x0.75 |
| wire length | 2 m |
| **electrical data** | |
| operating voltage / RMS value | 300 V |
| conductor cross section / of the power line | 0.75 mm² |
| **mechanical data** | |
| number of electrical cores | 4 |
| type of electrical connection | M12-180 |
| outer diameter | |
| ● of inner conductor | 1.1 mm |
| ● of the wire insulation | 1.7 mm |
| ● of cable sheath | 5.7 mm |
| symmetrical tolerance of the outer diameter / of cable sheath | 0.2 mm |
| design of stranding element | Pairs |
| conductor class | 5 |
| material | |
| ● of the conductor | CU, blank |
| ● of the wire insulation | PP |
| ● of cable sheath | PVC |
| product component / PE connection | No |
| marking / of cores | Color |
| color | |
| ● of the power line insulation | brown / white / blue / black |
| ● of cable sheath | gray |
| bending radius | |
| ● with single bend / minimum permissible | 57 mm |
| ● with multiple bends / minimum permissible | 57 mm |
| ● with continuous bending | 57 mm |
| number of bending cycles | 100000 |
| tensile load / maximum | 15 N |
| weight per length | 54 kg/km |
| **plug** | |
| type of plug interlock | screwed |
| design of plug-in connection | M12-180 |
| connector coding | M12 |
| connector coding / of the M12 circular connector | A coded |

| ambient conditions | |
|---|---|
| ambient temperature | |
| ● during operation | -25 ... +80 °C |
| ● during storage | -25 ... +80 °C |
| ● during transport | -25 ... +80 °C |
| ● during installation | 80 °C |
| ambient condition / for operation | With moving applications, the permissible operating temperature range is -5 to +80 degrees Celsius |
| fire behavior | Flame-resistant acc. to UL 758 (CSA FT 1) |
| chemical resistance | |
| ● to mineral oil | Conditional resistance |
| ● to grease | Conditional resistance |
| radiological resistance / to UV radiation | not resistant |
| protection class IP | IP65 / 67 |

| product features, product functions, product components / general | |
|---|---|
| product feature | |
| ● halogen-free | No |
| ● silicon-free | Yes |

| standards, specifications, approvals | |
|---|---|
| UL/ETL listing / 300 V Rating | Yes; AWM 2464/10493 AWM I/II A/B 80°C 300V FT1 |
| certificate of suitability | UL2238 E300110 |
| ● EAC approval | Yes |
| ● RoHS conformity | Yes |
| reference code | |
| ● according to IEC 81346-2:2019 | WDB |

| security information | |
|---|---|
| security information | Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7) |

## Approvals / Certificates

| General Product Approval | | | | | Environment |
